

TCPA re signed fax consent forms will drastically hamper the way I do business. I am a Realtor. I am asked by clients and customers daily to fax documents & listing information to them. I can guarentee they will not be happy having to add this extra step in the process. Their verbal request should be consent enough - they're going to think I'm crazy or the govt. is crazy asking for written consent. Please, Please don't do this. I am a professional and conduct my business as a professional. This is not helping.
